Base Lending Rate (BLR)	6.58% (Apr-06)	6.47% (Mar-06)
Exchange rate: RM to US dollar	RM3.63 (28/04)	RM3.69 (31/03)

Source: Department of Statistics Malaysia & Bank Negara Malaysia

- The long list of Ninth Malaysia Plan (9MP) development projects is necessary to meet the construction gross domestic product (GDP) growth of 3% targeted this year.
- The target of 709,400 houses to be built under the Ninth Malaysia Plan (9MP) would definitely be achieved according to Redha.
- Total exports in February were 15.1% higher than a year ago, with a total value of RM42.27 billion, despite a shorter month. The electrical and electronics (E&E) industry continued to respond to the changing profile of the global semi conductors industry.
- The manufacturing sector posted sales of RM35.9bil in February, up 9.5%, or RM3.1bil, from RM32.8bil a year earlier. The February sales, however, were down 7%, or RM2.7bil, from RM38.6bil in the preceding month.
- Malaysia's growth is expected to drift closer towards a 5.8% expansion in 2007 on the back of steadier global economy and stable domestic condition, the Malaysian Institute of Economic Research (MIER) said. MIER had estimated gross domestic product to grow 5.5% this year.
- Bank Negara has raised the overnight policy rate (OPR) by 25 basis points to 3.5%. The ceiling and floor rates of the corridor for the OPR are correspondingly increased to 3.75% and 3.25% respectively.

INVESTMENTS

Pressto to expand nationwide (New Straits Times-04th April 2006)

Dry cleaning provider Pressto Asia Sdn Bhd plans to invest up to RM13.2 million to open between 25 and 30 stores nationwide in two years. The laundry service provider hopes to open a total of nine stores in the Klang Valley by end of this year. Investment varies from RM380,000 to RM500,000 per store. It launched its first outlet in Taman Tun Dr Ismail, and plans to open its flagship chain in Bangsar within the next eight months.

ACS starts ops in Malaysia (New Straits Times-06th April 2006)

US based Affiliated Computer Services Inc (ACS) recently established operations in Malaysia. ACS is a global Fortune 500 company and one of the world's top providers of business process outsourcing and information technology (IT) solutions. ACS's current office in Malaysia operates with a staff of 40 people, and the company expects to grow its workforce to 250 to 300 employees within the next two years. ACS achieved Multimedia Super Corridor (MSC) status in September 2005 and have shifted its operations in Petaling Jaya to a new 27,000 square feet technical centre in Cyberjaya, Selangor in January 2006.

TRANSACTIONS

Axis-REIT acquires building for RM10 million (The Star-05th April 2006)

Axis Real Estate Investment Trust (Axis-REIT) has agreed to buy a building and the surrounding land in North Port, Port Klang, from EC Distribution Sdn Bhd for RM10.3mil cash. Axis REIT Managers Berhad (ARMB) said the building and land were now occupied by MISC Logistics Sdn Bhd. The tenancy, at a monthly rental of RM110,000, expires on Dec 31, 2007, with an option to renew for another three years at prevailing market rates. It said the combined gross built-up area of the original buildings and the extensions total 149,248 sq ft, and the annualised gross rental income for the property was RM1.32mil. The proposed acquisition would increase the unaudited net asset value of Axis-REIT by 1.11% to RM1.364 per unit at the time of completion of the transaction. ARMB said it planned to use debt facility of about RM10.3mil from Axis-REIT's existing credit lines.
